Version No:	1	Originator(s):	JCQ Policy

1. Purpose of the policy

This policy details how St Cuthbert's Catholic High School deals with an emergency evacuation of the exam room(s) by defining staff roles and responsibilities and confirming the emergency evacuation procedure.

2. Key Staff involved in this policy.

Role	Name(s)
Head of centre	Daniel P. Murray
Exams officer line manager (Senior leader)	Karl Stuart
Exams officer	Karen Lawson
ALS lead/SENCo	Richard Collinson
Senior leader(s)	Rachael Gundlach, David Swindells, Juliana Blackie, Jenni Westwood, Matt Turner, Michael Donnelly and Paul Burrows

3. When is an emergency evacuation required?

An emergency evacuation is required where it is unsafe for candidates to remain in the exam room. This might include a fire in the exam room, the fire alarm sounding to warn of fire, bomb alert or other serious threat.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the exam room, the emergency evacuation procedure may also need to be followed. This might include situations where there is severe disruption in the exam room, serious illness of a candidate or invigilator or similarly serious incidents.

As each incident may be different, advice will be sought from the relevant awarding body as soon as it is safe to do so. (ICE 25.6)

Where candidates are unable to return to the building to complete the examination, the relevant awarding body will be contacted immediately for advice.

Emergency evacuation procedure
Actions to be taken. (as detailed in current JCQ Instructions for conducting examinations)
Instruct the students/pupils to stop writing
Make a note of the time you stopped the students/pupils
Collect the attendance register and seating plan (in order to ensure all candidates are present)
Advise students/pupils to leave all question papers and scripts in the examination room Students/pupils must be advised to close their answer booklet
Evacuate the room one column at a time, in silence with an invigilator, informing the students/pupils not to go and collect their bags or coats
Inform the students/pupils that they are still under exam conditions and that they must leave the room in silence
Ensure the students/pupils are supervised as closely as possible while they are out of the examination room so that there is no discussion about the examination
Once outside at the designated fire assembly point do a register to check you have all students/pupils out of the building.
Once back in the building note the time of the interruption and how long it lasted
Allow the students/pupils the remainder of the working time set for the examination once it resumes
Make relevant changes to the displayed finish time
If there are only a few candidates, consider the possibility of taking the candidates (with question papers and scripts) to another place to finish the examination – EO to discuss
Make a full report of the incident and of the action taken (to be retained on file if required by an awarding body)

On Hearing the Fire Alarm - the invigilator must take the following action in an emergency such as a fire alarm:

Stop the students from writing and to close their answer/question booklet tell them to sit quietly – exam conditions still apply, until the Fire Alarm stops then re-start the exam adding the time difference to the end.

If the room needs to be evacuated, you will be informed by a member of the SLT and the following instructions will apply:

- **Tell the students to leave the question papers and scripts on their desks.**
- **Evacuate the room in an orderly fashion without talking. The students must not attempt to collect bags or coats.**

- Make sure that the students are supervised as closely as possible while they are out of the examination room.
- Make sure there is no discussion about the examination. Inform the students that they are still under examination regulations.
- Make a note of the time of the interruption and how long it lasted.
